YOUR access to FINANCIAL SOVEREIGNTY

The JUWELIS HUB as "access key"

KEY FACTS

- » Hardware-Wallet
 - 7-inch HD touch screen
 - 2 GHz with 6 core processors
 - 200+ GB memory
- » Portal for digital investments
- » Direct access to the decentralized JUWELIS Exchange
- » No KYC required (holder & owner)

In addition

- » Each JUWELIS HUB is a JUWELIS masternode
 - minting function: daily minting of JUWELIS Coins

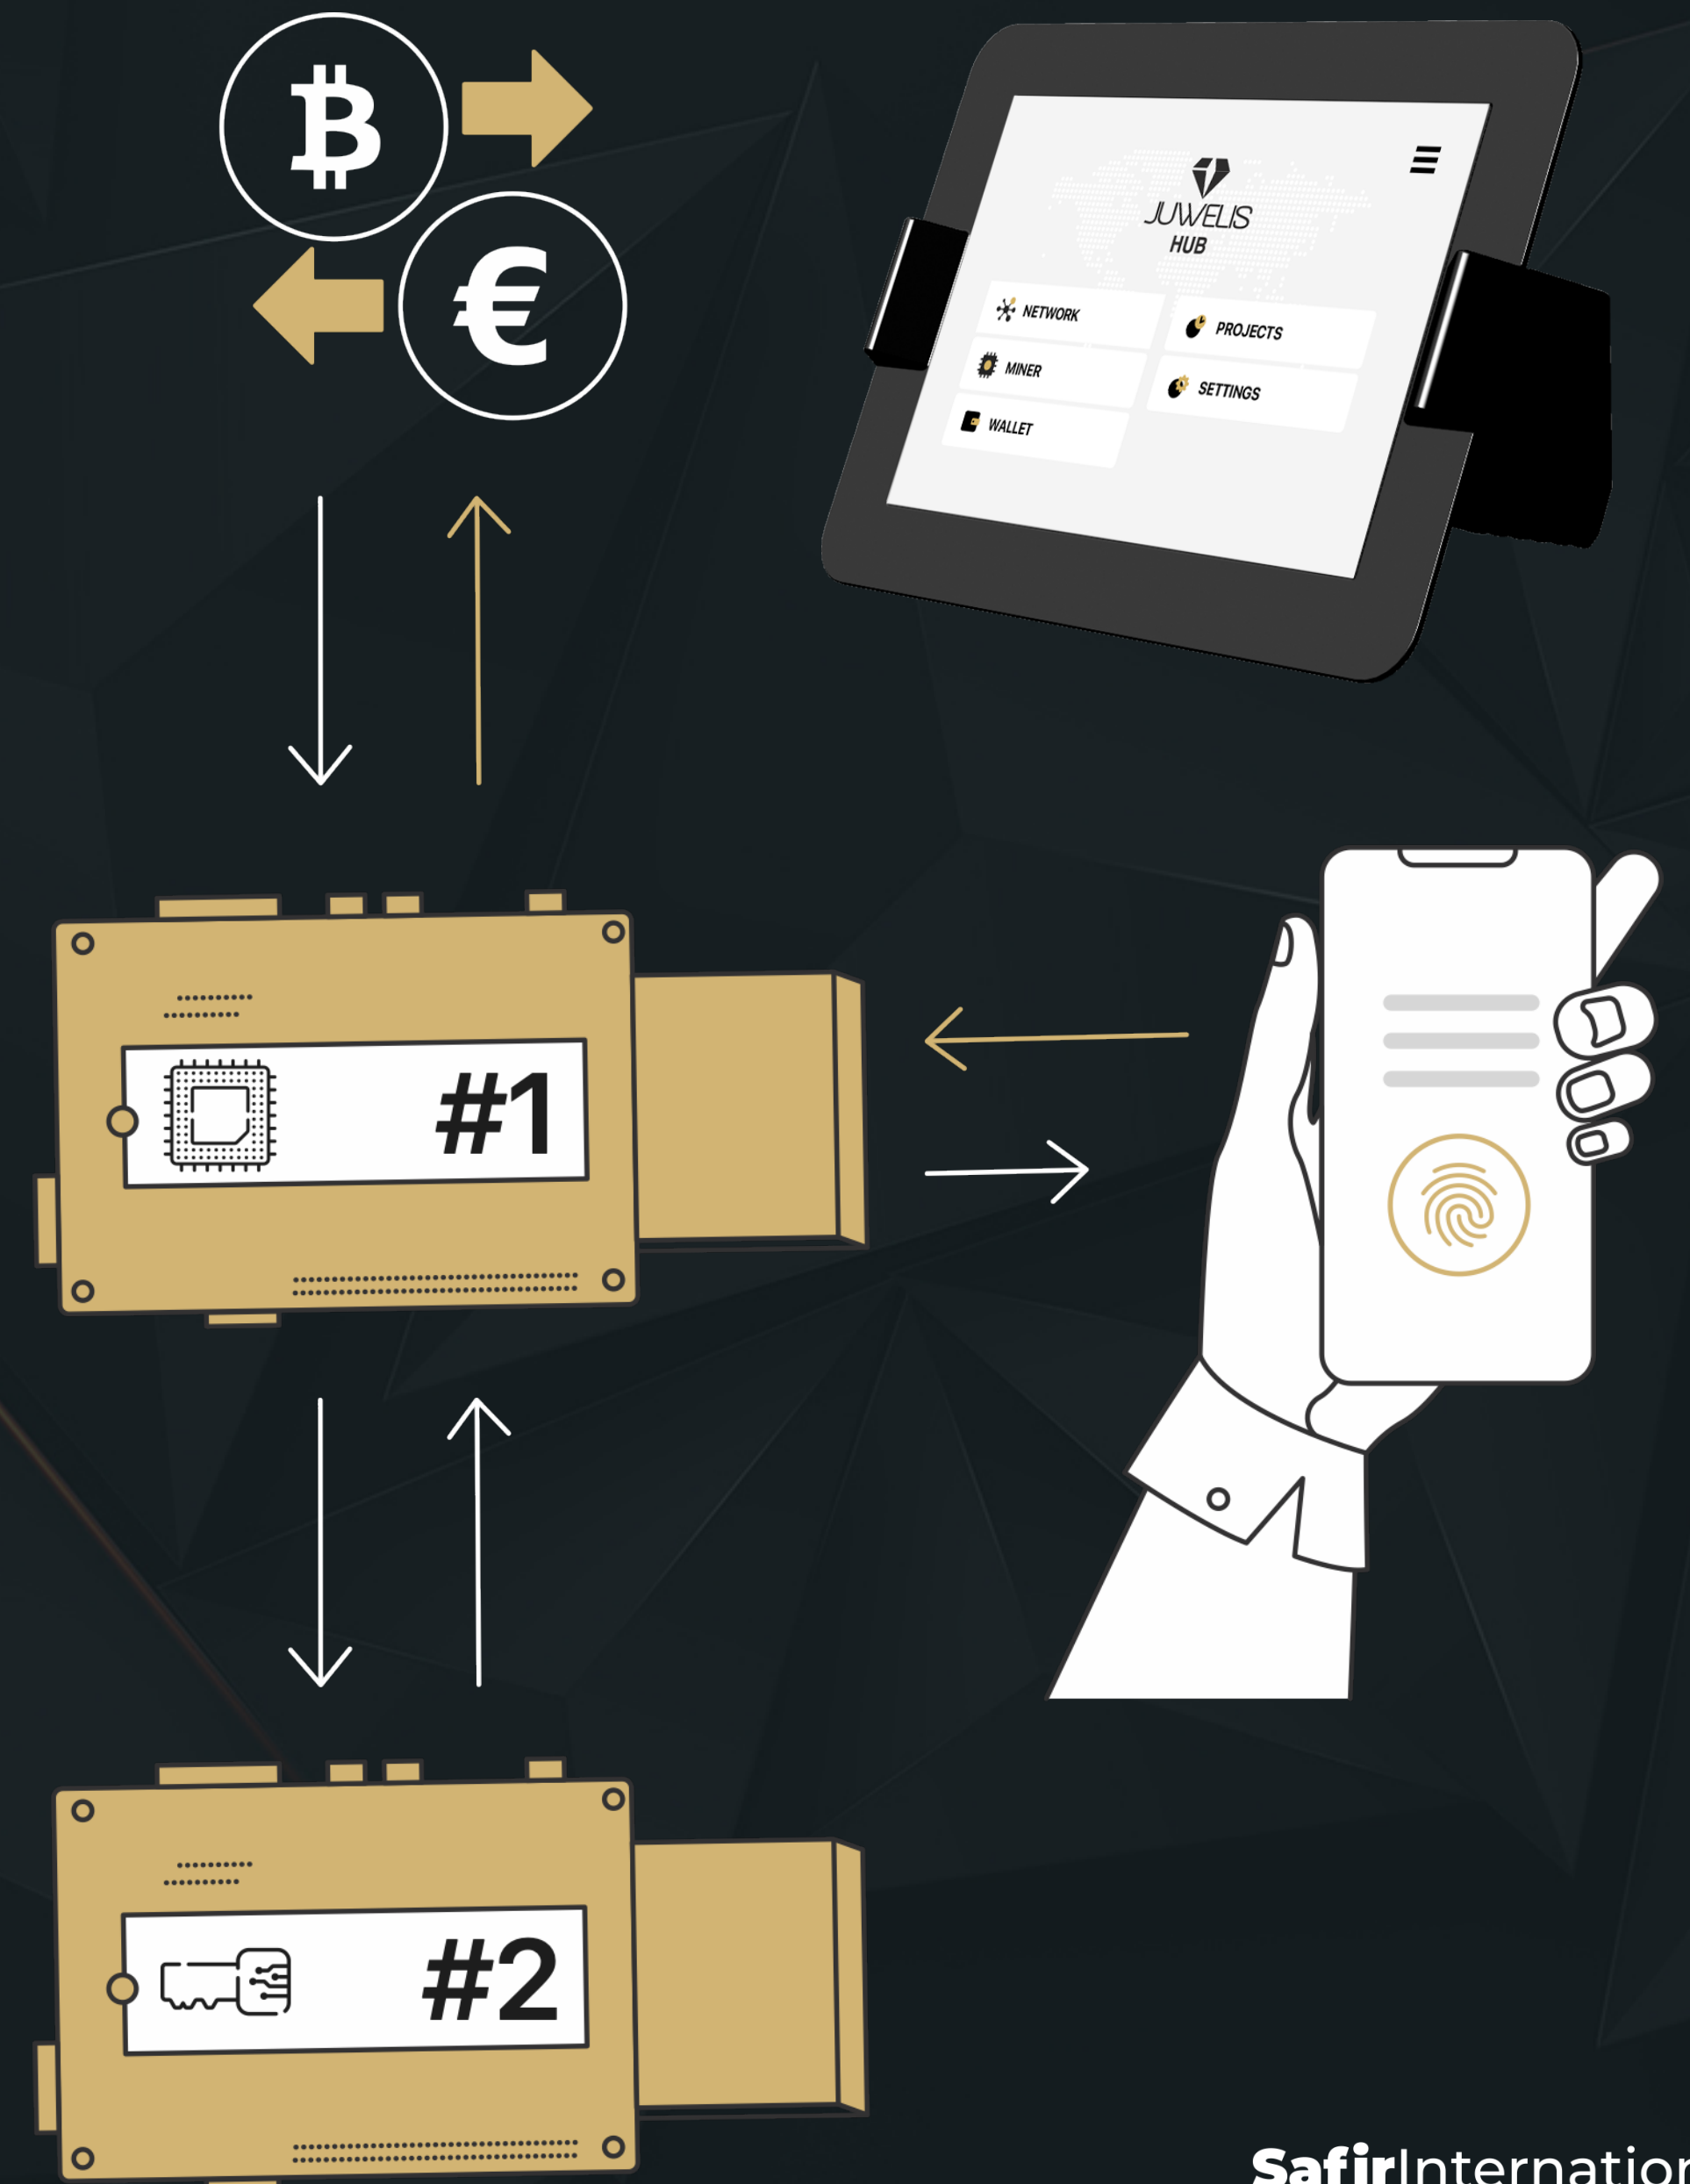

Maximum safety for your digital assets

Insurmountable safety-features

- » Decentralized network
- » Regulation-free (hardware)
 - No BaFin, Finma or SEC license required
- » Own hardware nodes protects the network - like Bitcoin
- » No specific target for cybercrime
- » No third-party authentication
- » JUWELIS HUB generates a private key
 - only visible to the owner
- » Buy/sell directly from the JUWELIS HUB
- » JUWELIS Academy / University

The Key Guard is a technical high-security safe that stores the most valuable possession, the private key, and never communicates externally. The JUWELIS Hub thus creates an unprecedented security standard for crypto assets with its additionally built-in security component.

Fusion of crypto and “real” financial world

Banking, Security and daily use on a whole new level

- » Optional integration of FIAT currencies via IBAN-accounts / SEPA-transactions
- » KYC-free
- » Intuitive user interface
- » Buy and sell with only one click
- » No more addresses necessary
- » APP connection with the JUWELIS HUB
- » Eurocoin (stablecoin)
- » Crypto payments for online stores
- » POS crypto payment services
- » API for crypto ATMs
- » Payment service provider API (like PayPal/Bitpay)

Asset accumulation through real projects and use-cases

JUWELIS COIN as mirror image of corporate development

JUWELIS Coins listed on exchange in Q1 2021

- » Limited amount of coins
- » The coins have huge potential for increase through
 - Limited amount of HUB 01 with full minting power
 - Annual halving
 - Weekly „profit distribution“ from the JUWELIS Exchange for passive income
 - Tokenization of JUWELIS projects & others

In addition

- » Additional masternodes possible
- » JUWELIS coin can be used as platform for tokens

Halving Overview

Coin Halving

Depending on Blockchain-period

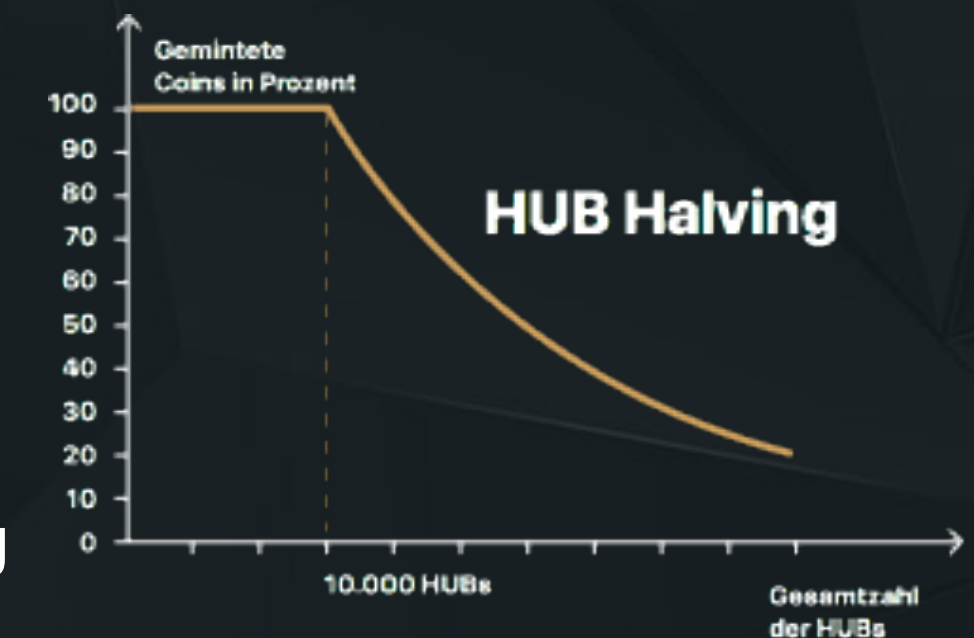

- 1st year: approx. 100 JUWELIS Coins/day
- 2nd year: first „Coin Halving“ to 50 Coins/day but: Regular reduction over 12 months (> approx. 1 Coin/day less per week)
- 3rd year: second „Coin Halving“ starts at 50 Coins/day, again „floating“ Halving down to 25 coins/day (> approx. 0,5 Coins/day less per week)
- 4th year: starts at 25 Coins/day ... and so on.

HUB Halving

Depending on the HUB sale

- Maximum number of HUBs with minting function:
- Effective minting equivalent of fewer than 15.000 HUBs
- 100% masternode coins for the first 10.000
- „HUB-Halving“ afterward: Every 1.000 HUBs > 4% fewer coins/day > Halving after approx. 10.000 HUBs sold
- „Floating“ in steps of 1.000

NETWORKING
You can benefit!

Network building – Earning through activity

THREE (3) kinds of remuneration for your success!

1. Uni Level (up to 15 levels)
2. Career levels (Bonus payment)
3. Bonus Pool (Performance Bonus / Incentives)

 **Maximum**
 **Payout: 69%**

Use your opprtunities!

Network building – Earning through activity

1. Uni Level / up to 15 levels

*Dynamic compression

Free accounts or accounts that are not activated are not considered the first level and are automatically skipped during provisioning.

As a result, there is no level disadvantage.

Free accounts can sponsor 1 level. However, if nobody is sponsored, there is no commission.

Uni-Level unlimited, 1.000 first lines or more possible

Network building – Earning through activity

2. Career levels (Bonus payments)

Bonus payments are accumulated. So no monthly written confirmation of sales needed. Referred to Safir COMPENSATION PLAN

3. Bonus Pool / Performance Bonus

Value is divided between the SharePoints achieved in the respective production month (monthly payment).

 Ruby	 Double Ruby	 Sapphire	 Double Sapphire	 Black Sapphire	 Diamond	 Double Diamond	 Triple Diamond	 White Diamond	 Double White Diamond	 Gold Diamond	 Diamond
 x1**	 x2	 x10	 x20	 x40	 x80	 x110	 x150	 x225	 x300	 x400	 x500

Note: Minimum sales (40% clause, that means a maximum of 40% of the sales from one „leg“) of the respective level for receipt in the pool must be confirmed every 6 months. If the minimum sales is not achieved, the member falls into the lower level or the level that corresponds to the sales of the last 6 months, and his SharePoints for the pool are adjusted to the Career-level reached.

*World bonus payment by performance bonus (sales of physical or cloud HUBs as well as products offered in the future).

**Number of SharePoints per career level
